

## marsett barn

### DIRECTIONS

From Bainbridge, take the road to Semerwater. Carry on past the lake to the small hamlet of Marsett.

If you follow the road round the village green to the left there is a hard core parking area on the left hand side, past the farm, next to the stream. Park here and continue on foot (unless you have special permission from Low Mill) along this hard surfaced track following the stream which is on the left. Go through the gate and follow the track across the open field. From here you can see the barn and a track to the right. Follow this track on the right and through the gate to access the barn.
